On here you will find the running order, the costume list, the 8 March rehearsal schedule, video and photography information. You will also find a link to the finale choreography for practicing at home.

## Costumes

Over half term, please ensure you have each costume for each dance your child is in in a separate labelled clothes bag with every item of clothing, footwear and accessories named. Anything that is removed from the body needs naming. If children prefer to wear a base under costumes you can buy a camisole strap leotard to match the dancer's skin tone which they can wear throughout. Available on Amazon and all online dance shops.

Please tell all your family and friends. We are supporting Macmillan Cancer Support. The dance school and the teachers/producers do not profit at all from the show. We are working hard to make it a success. Please support as much as you can with the ticket sales. We can send posters if you are on online parent groups or a paper poster if you can put one up at work/school.

We have currently have blocked off S, T and U rows for the Sunday shows to allow some cast to watch the act they are not involved in with their chaperone. These will however be released for sale to general public if necessary. We will decide in due course.
