

# Instructions For Golden Show Photographs - Electronic Transfer

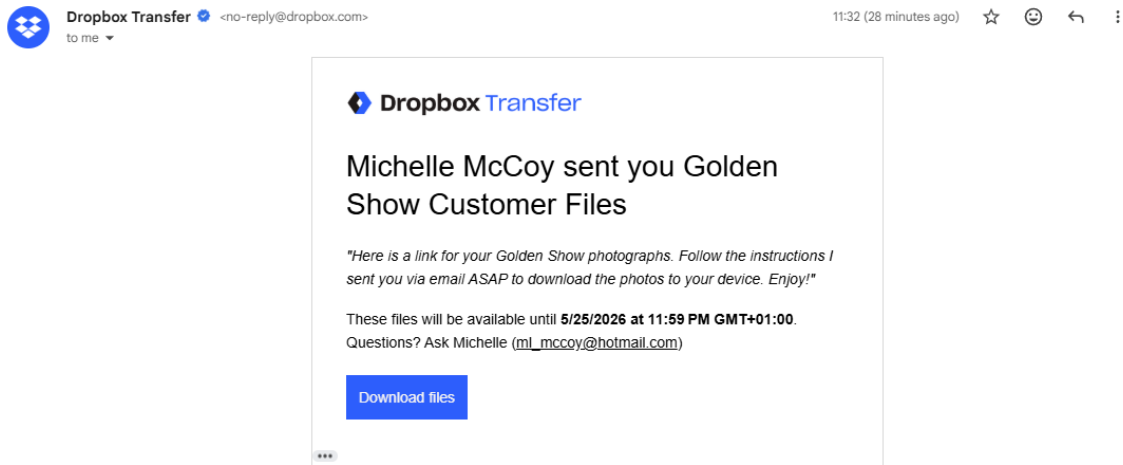

## IMPORTANT

You need to download the photos before the cut-off date of 19 MAY 2026.

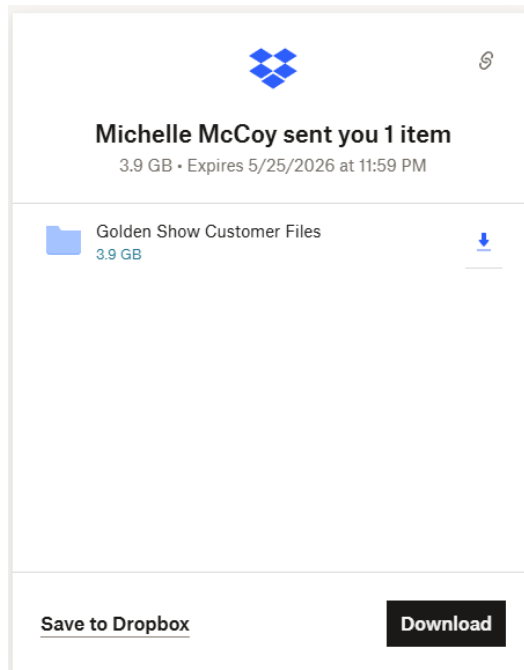

**YOU DO NOT NEED A DROPBOX ACCOUNT TO DOWNLOAD THE PHOTOGRAPHS!**

Please follow these instructions:

You will receive an email from Michelle looking something like the image below (with a folder name identifying the “Golden Show Customer Files” show):

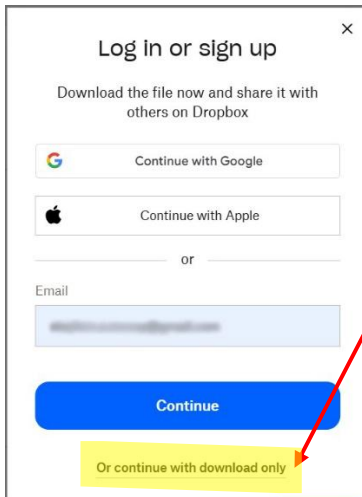

Click on the “Download files” link – this will take you to a web page looking like this:

Click on the “Download” button.

When you see this screen click on “**Download only**”

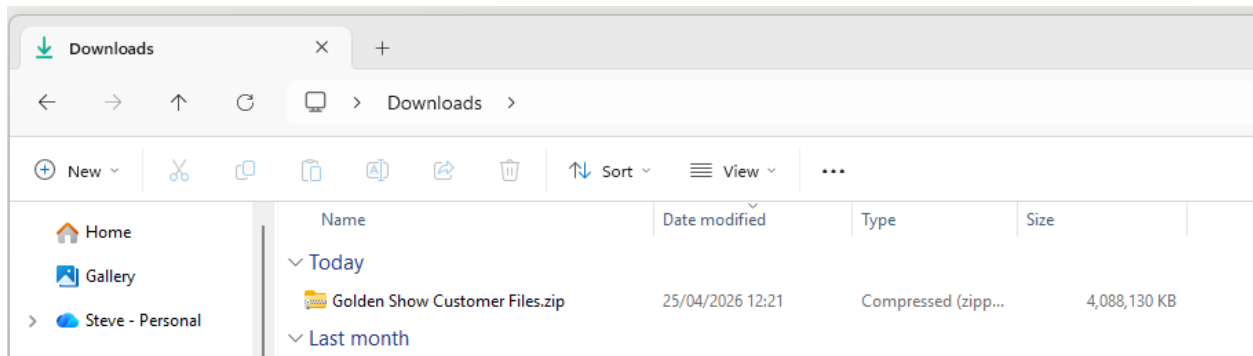

This will download the files to your device. If you are using the Google Chrome browser, you will see a progress indicator like this in the top right of the browser window:

IT MAY TAKE A LONG TIME TO COMPLETE THIS!

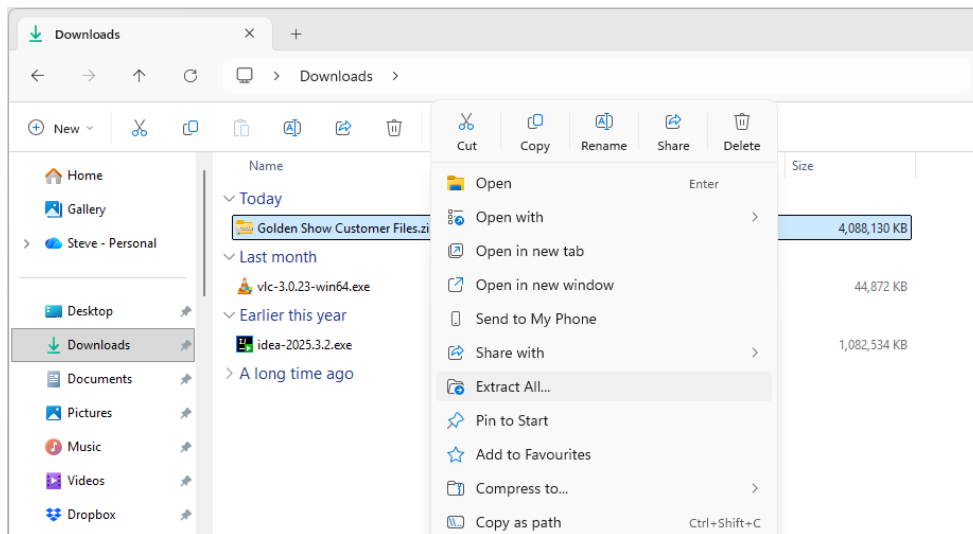

**DO NOT repeat click on the button!**

The files will be downloaded to your device as below:

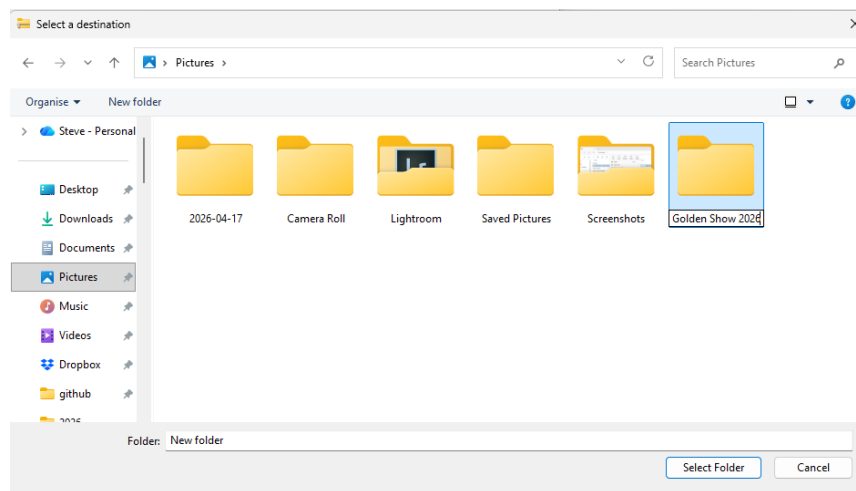

The downloads folder used depends on your web browser. There may also be a popup notification in the browser allowing you to see where the file has gone.

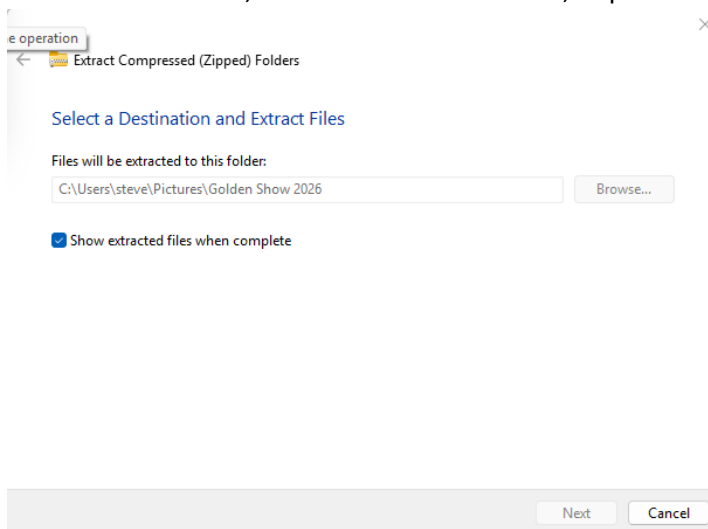

The file you have downloaded is a ZIP file – you can get all the photos from it by clicking with the right button on the file in Windows Explorer and selecting “Extract All...” as below.

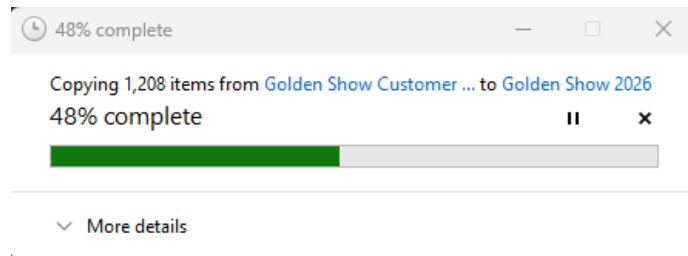

You will need to choose where to store the extracted files on your device – here we are creating a new folder for the Golden Show 2026 files in the existing “Pictures” folder:

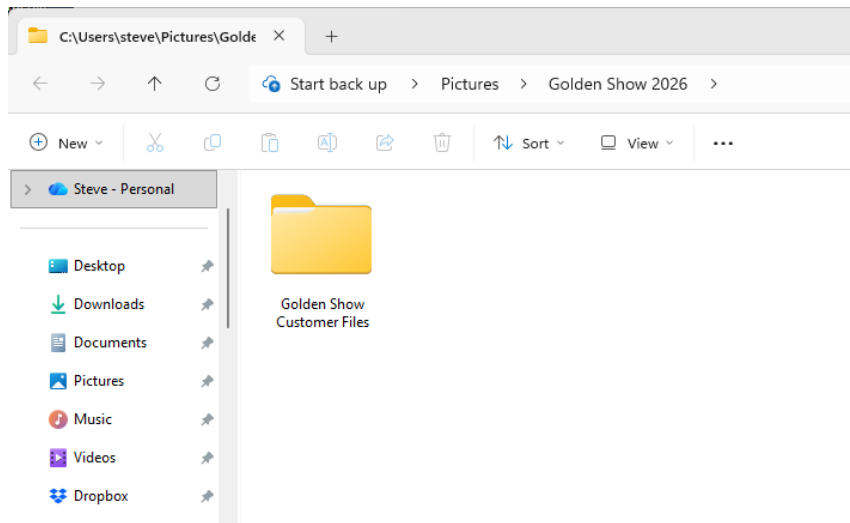

Click “Select Folder”, then the “Extract” button, to put the files there:

You may see a progress indicator like this:

After a little while you will see that the folder has been copied as below:

Your photos are safe on your device in the new folder.

**IMPORTANT**

**You need to download the photos before the cut-off date of 19 MAY 2026.**
